About Company

Vardhman Minerals has emerged as one of the leading companies in the mining industry from India. We produce and export minerals like **Talc/Soapstone, Potassium Feldspar, Sodium Feldspar, China Clay/Kaolin Clay, Quartz** and other related products. We supply manufacturers like **Ceramic, Paints and Coatings, Rubber, Glass, Iron and Steel, Paper** etc.

Our own quarry is located in Rajasthan (INDIA), which is near to the international ports i.e. Kandla port, Mundra port. We are using innovative machines and all other equipment to produce minerals into mesh form and segregate the minerals into different grades as per customer's requirements.
